

This year a lot of good things have happened to me at Southwestern Middle School. One of the things is my teachers helped me so much to get straight A's. Most of my teachers even let me redo or gave me extra credit to boost my grades. When I got my progress report I had 3 A's, 2 B's and 2 C's. I told my teachers I knew I could do better. So they took me up on it and helped me. With all that help I got straight A's. When the Winter Wonderland Social came up I knew I wanted to be the princess of the 6th grade, so I tried really hard to keep my grades up and asked my friend to vote for me. I was hoping I would be on the court , and I did get on the court. I was really happy. Then I was asking all my friends to vote for me. They all said "okay". Whenever they announced the winner they said Rebecca Clark and I was so happy. That is what happened to me at Southwestern.

Rebecca Clark
